

## **MSc Web and Mobile Development Technologies (part-time)**

Northumbria University's part-time MSc Web and Mobile Development Technologies is taught by industry experts around leading-edge content, and is designed to give you the knowledge and expertise to fill this gap. Continue working while you study with lectures delivered on 15 weekends throughout the 2 year course. Technology is one of the greatest agents of change in the modern world and it represents a significant opportunity and risk for businesses of all sizes. Developers play a central role in how we interact with the online world and employment in the IT industry is expected to grow at nearly 5 times the UK average over the next decade (CIO, 2015).

Fee: £7,650 (UK/EU)

Entry requirements: 2:2 or above undergraduate degree from a recognised university in a relevant field, ideally with work experience.

Mode of study: Part-time weekend classroom

Duration: 2 years

Assessment methods: Coursework

Student finance: Available
